

Rob Alkire

Social Media Manager

Rob Alkire joined Access Independence, Inc. (Ai) in 2012. He started out as a Research Assistant and has worked his way up to Social Media Manager. He promotes our services and events on Facebook, Instagram, and LinkedIn, and keeps the public updated on other disability related information.

Rob suffered a spinal cord injury in 1984, and says; “it hasn’t stopped me from being what I want to be, and doing what I want to do.” He has worked his whole life in jobs that have helped him financially and personally, has had people help him along the way, and strives to do the same for others. “Treat people like you want to be treated, do things for the right reason, and see how far it gets you.”

Rob graduated from James Wood High School in Winchester. He has worn many hats at Ai, from consumer, to Board member, and now, an employee. He worked for a medical equipment and supply company before coming to Ai, and has hands on experience with wheelchairs, and other durable medical equipment.
